Library Program Manager I/II
Class Description

Definition

Under general direction, plans, organizes, manages, supervises and coordinates library-wide activities covering core library services in technical, public, and literacy service areas. Incumbents work under the general direction of the Library Director or senior library staff and exercise direct supervision over supervisory, professional, technical, paraprofessional and clerical staff. Incumbents in this class may serve as Library Director in the department head's absence; may function as the Library's project manager for specialized projects; and perform related work as required.

Distinguishing Characteristics

The Library Program Manager is a professional managerial position requiring the possession of a high degree of technical knowledge and supervisory responsibilities and is characterized by the comprehensiveness and complexity of the programs administered. An incumbent in this classification demonstrates strong professional, service-oriented leadership and interpersonal skills. The Library Program Manager I is the entry-level classification within the series, and distinguished from the Library Program Manager II in that the duties do not require a Master's degree in Library Science. A Library Program Manager I may promote directly to a Library Program Manager II upon obtaining the requisite qualifications, subject to availability of authorized positions and Library Director approval.
